

MiniMe®

The smaller side of comfort

Specifically designed for children. Sleepnet's MiniMe® mask offers a softer approach to therapy. The flexible shell of the MiniMe® uses Custom Fit Technology for an optimal fit. Patented AIR°gel technology forms a superior seal with less pressure, an essential feature in the pediatric market. FDA cleared for children ages 2-12.

Custom Fit Technology

The shapeable shell mask can be easily molded for a personal fit.

Flex, Fit, Forget!

Clear Field of Vision

Minimal visual interference supports therapy compliance. Children can easily watch TV, wear glasses, or read a book.

AIR°gel®

Maximum comfort and minimal headgear tension. AIR°gel® minimizes pressure points and skin irritation.

Quick-Release Headgear

Clinicians and parents can remove the headgear without readjusting it.

One Convenient Design

Engineered to fit effectively for pediatric patients ages 2-12.

Vented and Non-Vented Versions Available

MiniMe® can be used for both hospital and homecare.

What makes our MiniMe[®] mask different?

- Custom Fit Technology** - Mold the soft shell mask for a personalized fit.
- One Size** - Our one size mask design with quality construction eliminates the need for replacement parts and reduces SKUs.
