iQ[®] Blue Nasal Mask

Smart technology for better therapy

A smart choice for a custom mask, our iQ[®] Blue Nasal mask adjusts to the contours of your face, providing optimal fit with maximum comfort.

Custom Fit Technology

Sleepnet's Custom Fit Technology is our proprietary technology made from a flexible, pliable material that responds to gentle manipulation and accommodates changes in weight and facial asymmetry.

AIR[°]gel[®]

Sleepnet's AIR[°]gel[®] is an advanced cushion technology that conforms to the contours of each individual face creating a secure and comfortable seal.

Quick-Release

Our quick release masks feature a slot on the side that allows the user to easily put on or take off the mask and headgear.

Available Elbow Options

- Vented
- Non-Vented

360° Rotating Elbow

Designed to provide flexibility and comfort, the 360° rotating elbow allows the user to change sleep positions, move their head, or adjust the mask without discomfort.

What makes our iQ® Blue mask different

Custom Fit Technology - Our proprietary, one-size-fits-all technology that responds to gentle manipulation and accommodates changes in weight and facial asymmetry.

AIR°gel® Cushion Technology - An advanced cushion technology that conforms to the contours of each individual face creating a secure and comfortable seal.

Clearest Field of Vision Possible - No forehead pad required

Advanced Cushion Technology - Our patented AIR°gel technology with an ergonomic design and luxurious feel reduces pressure while maintaining an effective seal.

Available Elbow Options:

Vented Mask for use with CPAP or bi-level devices.

Non-Vented Mask for use with dual limb circuits.
